

TRAINING COURSES (WEBINARS) TO PREPARE FOR EPSO COMPETITIONS:

Each of the following sessions will include methodology, testing and explanations for each correct answer. You will be able to ask questions in a chat box and the teacher will answer them interactively. The day before the start of each session, you will receive training material which we strongly suggest to print out in case you would wish to watch it again after the deadline for access to them.

Date **Monday 23 September and Tuesday 24 September 2024: 18h00 - 21h00** (CET)

Session 1:

- 1- General presentation of the Multiple Choice Question-tests
- 2- Numerical reasoning
- 3- Abstract reasoning
- 4- Verbal reasoning

The DEADLINE for registration for the Webinar is:

Friday 20 September 2024 at 16h00 (CET)

The price? FREE for our members and those who join **Union Syndicale**. You may also enroll your family members: the course is free for them if they cannot become US members out of their own right.

The planned time does not suit to you? You were not able to vision the webinar? Or another reason:

If you are registered to our webinar you will receive (the day after the webinar will have taken place) a link and password that will allow you to follow the previous days' recorded session.

!!! That access is limited: it will be available for **2 weeks** after the webinar will have taken place.

We strongly suggest to print out the training materials in case you would like to vision them again after the deadline access to the recordings.

PS: The course will take place subject to a sufficient number of people registered for the webinar.
